Quia has a 30 day free trial and it is \$49 a year if you would like the paid features. With paid features, you can input students’ names (the whole grade level, if desired) and assign students online work. All quizzes that you create are automatically graded for you.

But, you can still use the FREE features! Even without a paid account, students can search the “shared activities” section for interactive educational games based on content. If you already know a teacher who has a Quia account, you can search his/her shared activities for free.

To log in:

1. Go to www.quia.com
2. Click on “Visit Quia Web.”
3. You can use a free 30-day trial or search MANY shared activities already created. To create an activity (listed above), go to “Create” and you will have a choice of templates. All you have to do is type your questions in the template.

Our users say:

“ I LOVE Quia!!!! I use Quia for 99% of my students' homework, quizzes, and exams.... In 11 years of teaching I've never had a student do an assignment 16 times because 97.5% just wasn't good enough! He wouldn't stop until he had 100% on his Quia activity. ”
